It is essential that this document is read carefully and that the associated Signature Sheet is signed by students and their parents/guardians. The students referred to in this document are those students attending 4th, 5th & 6th Year Full Time day school at The Institute of Education, including our International students.

Registration can only be completed when the Signature Sheet is returned to the Institute of Education. Failure to do so will mean that the student will not be permitted to attend classes.

Ethos

The Code of Behaviour and Discipline of The Institute of Education reflects its aims and ethos. It is designed to provide the necessary structures within which students will maximise their full academic potential. Emphasis is placed on ensuring a learning environment which is conducive to young men and women who wish to prepare themselves in a serious fashion for the opportunities which exist at university level and for the challenges that the future holds. Responsibility for attaining each student's full potential is shared between The Institute of Education, its students and their parents.

The Institute of Education plays its part by providing excellent teaching in a disciplined, caring, learning environment by carefully monitoring student progress and by emphasising the highest possible academic standards. Students play their part by committing themselves in a mature, disciplined and organised fashion to their studies and taking full advantage of the choices and opportunities available to them. Parents/guardians play their part by taking an active role in the progress of their son or daughter through encouragement and monitoring of attendance, punctuality and productive study routines.

Classroom Activities

Students are expected to co-operate fully in all classroom activities, including reading exercises, written exercises, tests and assignments, and in any other form of work, as decided by the teacher. Where a student fails to co-operate he/she may be subject to disciplinary procedures.

The teacher is in sole control of the class and all aspects of classroom discipline. This includes the seating location of students, which may be subject to change if the teacher deems it necessary.

Failure by students to perform these activities may lead to disciplinary procedures. In the case of persistent lack of co-operation in classroom activities, the Institute of Education may resign charge of the student and ask him/her to leave the Institute of Education permanently. There will be no refund of fees.

Monitoring

There is continuous assessment in all subjects. Results of class tests are given to the students and are also available on our online system - Moodle. Parents/guardians are advised to monitor progress accordingly.

- Every student **MUST** attend classes at the times stated on their timetables. Students are forbidden to attend any classes other than those on their official timetables. Timetables must not be changed without permission of the Principal.
- Students are not to loiter inside or outside the building. Students must be either in class, in the study hall or at lunch as scheduled on their timetable. **4th Year students must remain in school at all times, including lunch and breaks.**
- Identity cards are issued at the beginning of the school year. **Students must carry this card with them at all times.** Students may be asked to produce their card by any member of staff and, if necessary, this card may be requested and retained by staff for disciplinary reasons. A replacement ID card costs €10.
- Results of Christmas and other tests will be sent to parents. In the event of students' academic under-achievement, parents/guardians may be requested to discuss the matter with the Guidance Counsellor or with the Principal/Deputy Principal and/or other relevant staff members with a view to determining the best course of action in such circumstances.

Attendance and Punctuality

Good attendance and punctuality are essential to attaining a good Leaving Certificate. 'A class missed is a possible examination question missed'.

The Institute of Education monitors attendance and punctuality. We ask all parents/guardians to ensure that the attendance of their son/daughter is punctual at all times.

- Students must register each morning on arrival in order to avoid being marked absent. All students must carry ID cards. Cards may be subject to inspection. If the systems are not functioning, students must report to the office. Students who are late **must** report, on arrival, to the office before going to class.
- If a student expects to be **absent or late, the parents/guardians must phone/e-mail** the following contacts on or before **9.30 am** each day of absenteeism.
Failure to do so will result in the student being marked absent. It is always possible for parents/guardians to leave a message on our answering machine out of office hours. Where absence exceeds 3 or more school days a written explanation must be furnished to the office.
- Students who have pre-arranged doctor/dental appointments must have a parent/guardian inform the school in advance and/or present the appointment card on arrival to school.
- Students must attend all classes and supervised study periods as listed on their official timetable. After signing into school 4th Year students **must not** leave the school building until the end of their last class. This includes remaining on the premises for lunch and breaks.
- Disciplinary action will be taken against those students who are present in school but absent themselves from class or study without permission of the Principal. They will be suspended and only allowed to return to school when accompanied by their parents/guardians.
- Students **must** not leave The Institute of Education between classes or study periods.
- Should a student feel unwell he/she should inform the teacher and then go to the relevant Year Office, who may then decide to make contact with parents/guardians. They will be contacted if a student needs to leave because of illness. Parents/guardians who give permission to their student to leave the school for any reason e.g., illness, appointments etc. must do this by informing the school authorities. Verbal requests from the student will not be accepted without communication from parents/guardians. If a student must leave The Institute of Education for other reasons, the parents/guardians must furnish a written note explaining the reason. The Institute of Education

reserves the right to ask a student to supply a written explanation from a parents/guardians regarding non-attendance.

- **In the event that parents/guardians are away from home and leaving the supervision of their student with a person 'in loco parentis', it is crucial that The Institute of Education be given the name and contact number of the person or persons acting 'in loco parentis'.**
- Students who fail to supply a satisfactory written explanation in regard to unapproved absence may be asked to leave The Institute of Education until parents/guardians attend a meeting to discuss the matter. In the case of persistent unexplained absences, The Institute of Education may resign charge of the student and ask the student to leave The Institute of Education permanently. There will be no refund of fees.

Timetables

Students are given the opportunity to choose their own subjects and levels.

Once timetables are entered into the computer system, changes may only be made in exceptional circumstances. Prior permission of the Principal must be sought. Advice must also be sought from the teachers concerned and the Guidance Counsellor. Written permission must also be obtained from parents/guardians.

Conduct and Behaviour

Students and staff at The Institute of Education are expected to behave with dignity and to show respect and courtesy towards each other at all times. Students are required to obey the instructions of teachers and other members of the Institute of Education staff.

- Bullying is not tolerated in any form. This includes comments, postings or any other submissions and/or images displayed on any online resource, explicitly social networking sites or via exclusion from any electronic communities.
- Ultimately, it is parents' responsibility to be aware of the content of their student's social network sites and to monitor these sites closely. We strongly recommend that these sites should be accessible to parents at any time. This would require knowledge of the relevant password used by the student. This is the most effective way to safeguard against cyber-bullying.
- Students who bring the school into disrepute in a public domain such as the internet will be subject to the sanctions of the school.
- Students must be of good conduct and behaviour and show respect for The Institute of Education's property and its environs at all times. Any student found violating the regulations will be subject to the Disciplinary Procedures as stated.

Dress Code

Students must be neat and tidy in dress and hairstyle. Dress must be appropriate for a school setting. Interpretation of these norms will rest with the management.

Progression within the Institute from 4th to 5th and 5th to 6th Year

Progression is dependent upon:

- Good behaviour inside and outside the Institute of Education.
- Good attendance.
- Punctuality.
- Sustained academic effort.

Review

Students who consistently breach school rules and/or are having persistent academic difficulties, will be subject to review. Desiderata

Go placidly amid the noise and haste, and remember what peace there may be in
silence.

As far as possible without surrender be on good terms with all persons.
Speak your truth quietly and clearly; and listen to others, even the dull and the
ignorant; they too have their story.

Avoid loud and aggressive persons, they are vexations to the spirit.

If you compare yourself with others, you may become vain and bitter;
for always there will be greater and lesser persons than yourself.

Enjoy your achievements as well as your plans.
Keep interested in your own career, however humble; it is a real possession in the
changing fortunes of time.

Exercise caution in your business affairs; for the world is full of trickery.
But let this not blind you to what virtue there is; many persons strive for high ideals;
and everywhere life is full of heroism.

Be yourself. Especially, do not feign affection.
Neither be cynical about love; for in the face of all aridity and disenchantment it is as
perennial as the grass.

Take kindly the counsel of the years, gracefully surrendering the things of youth.
Nurture strength of spirit to shield you in sudden misfortune.
But do not distress yourself with dark imaginings.

Many fears are born of fatigue and loneliness.
Beyond a wholesome discipline, be gentle with yourself.
You are a child of the universe, no less than the trees and the stars; you have a right
to be here.
And whether or not it is clear to you, no doubt the universe is unfolding as it should.

Therefore be at peace with God, whatever you conceive Him to be, and whatever
your labors and aspirations, in the noisy confusion of life keep peace with your soul.
With all its sham, drudgery, and broken dreams, it is still a beautiful world.

Be cheerful.

Strive to be happy.
